It is pointed out here that the sellon of Ecuador in naming three representatives to come to Washington in the expectation that Peru would do the same, with a view to an amicable settlement agnitation in the two countries, seems to have been precipitate.

Indications seem to point to an amicable settlement lestween Peru and Chile of the Arica Taena difficulty, in which event Chile might find it to her inferest to Arica-Taena difficulty, in which event Chile might find it to her interest to FLEE FROM CHANGSHA
